

Cavalier®

Coated fire hose

12
MONTH
WARRANTY

Cavalier® is a fire hose with an extra coating, improving abrasion resistance and helping keep it clean. It is manufactured by weaving a polyester textile reinforcement and coating it for additional protection. The outer layer comes in a standard red, but yellow and green are also available. This synthetic hose is easy to wipe clean after use and does not require drying.

Cavalier® is a high-pressure Class H fire hose that is used to protect many commercial and industrial sites. It can also be used for high-pressure wash-down applications. It is easy to roll up after use, and it takes up little space in a fire cabinet.

Cavalier® is manufactured in our ISO 9001 quality-accredited factory and can be fitted to a wide range of couplings.

FEATURES

- ✓ Coated fire hose
- ✓ Working pressure 2100 kPa
- ✓ Mildew resistant
- ✓ No need for drying after use
- ✓ Available in red, green and yellow colours
- ✓ Australian Made

TECHNICAL DATA

Diameter (ID)	25 mm	38 mm	51 mm	64 mm	65 mm
	1"	1.5"	2"	2.5"	2.5"
Working pressure	2100 kPa	2100 kPa	2100 kPa	2100 kPa	2100 kPa
Burst pressure	5250 kPa	5250 kPa	5250 kPa	5200 kPa	5200 kPa
Weight/m	0.17 kg	0.25 kg	0.34 kg	0.38 kg	0.38 kg
30 m coil diameter	0.43 m	0.46 m	0.49 m	0.51 m	0.51 m
Part # (Red)*	HHV025XRA	HHV038XRA	HHV051XRA	HHV064XRA	HHV065XRA

*Part # 5th letter change for different colours: G = Green R = Red Y = Yellow (+ 10%)

NOTE: For larger diameters, refer to Centurion® or Rapier®
