

Cavalier®

NEW & IMPROVED!

Coated fire hose

12
MONTH
WARRANTY

Our popular **Cavalier** just got better!

The high-pressure Class H fire hose boasts an improved abrasion resistance by 50%.

Cavalier's tough exterior gives the textile reinforcement extra protection and helps keep it clean.

Used to protect many commercial and industrial sites, it can be used for high-pressure wash-down applications. **Cavalier** is easy to roll up after use and takes up little space in a fire cabinet.

Cavalier is manufactured in our ISO 9001 quality-accredited factory and can be fitted to a wide range of couplings.
