

Excalibur®

Fire hose

12
MONTH

WARRANTY

Excalibur is a commercial quality layflat fire hose. This woven polyester hose has a polymer lining and is lightweight and very flexible. **Excalibur** is easy to handle, allowing almost anyone to use it. By quickly opening the valve or starting the fire pump, **Excalibur** can help extinguish the fire before the brigades arrive. It is a popular choice for both industrial and rural fire protection.

Due to its synthetic construction, it is mildew resistant and does not require drying. It can be easily rolled up or folded and takes up little storage space. You'll find **Excalibur** in many fire cabinets across industrial sites and properties.

Crusader Hose also offers the **Excalibur** as a ready-to-go Fire Hose Kit, complete with a shut-off nozzle and fitted couplings. The couplings will connect directly to your fire pump, and the nozzle gives you a far-reaching water spray, a significant safety benefit for those living in bush-fire prone areas.

FEATURES

- ✓ Easy to handle
- ✓ Easy to store
- ✓ Mildew resistant
- ✓ Available complete with fittings and shut-off nozzle
- ✓ Australian Made

TECHNICAL DATA

Diameter (ID)	25 mm	38 mm	51 mm	64 mm
	1"	1.5"	2"	2.5"
Working pressure	2100 kPa	2100 kPa	2100 kPa	2100 kPa
Burst pressure	5250 kPa	5250 kPa	5250 kPa	5200 kPa
Weight/m	0.16 kg	0.23 kg	0.28 kg	0.35 kg
30 m coil diameter	0.36 m	0.40 m	0.42 m	0.48 m
Part #	HHE025XAA	HHE037XAA	HHE051XAA	HHE064XAA
